## Arabs plan demos

By Mark Bruzønsky

THE PALESTINIAN American community and its supporters have organised demonstrations in over 25 American cities for Monday, the day Egypt and Israel sign their treaty.

The largest demonstration is planned for Washington begin-

ning three hours before the treaty is signed. Hundreds, if not thousands, of demonstrators are expected to march to both the White House and the Egyptian Embassy in protest.

Arab Americans have also scheduled at least three press conferences on Monday.
