I refer you to the article on Page 7
of The Metro section of Friday, Sep. 16, 1983
entitled "U.S. at the Service of Imperial Israel"

I am too angry at the moment to think clearly -
I shall shortly do so after some time will
elapse and after you will supply me with some
information. I assume that you made the decision
to publish this article after you have made
full inquiry about its author.

I want to know who is Mark A. Brungovsky?
Who are his parents? Where born or from what country?
Is he native born? His schooling? Where and when
did he obtain any degrees from what colleges?
With what newspapers and with what magazines
has he been associated? Has he written any
books? Has he held any political office?
Is he affiliated with any political or religious
organizations - or lobbyist organizations?

I note that at the bottom he

is listed as "Associate Editor of
Worldview Magazine and a
Consultant on Middle East affairs"
Where is the Office of this Magazine
And who is the publishing Editor.
And to whom is he a Consultant.

I ask you earnestly for your reply
with the answers to my questions -

I intend to answer his
article calmly and rationally -

Respectfully
